OPDN 325-01 Biodental Materials	Dr. Michael McBride	29
ORDG 303-01 Introduction to Clinical Research	Dr. Pandu Gangula	56
PDNT 311-01 Dental Ethics & Jurisprudence	Dr. Jacinta Leavell	20
PROS 310-01 Dental Anatomy & Occlusion	Dr. James Tyus	184

<b>TOTAL CLOCK HOURS:</b>		<b>719</b>
---------------------------	--	------------

- **Synchronous learning** - learning that happens in real time. This means the instructor and class interact in a specific virtual place, through a specific online medium, at a specific time. In other words, it's not exactly anywhere, anyhow, anytime. Methods of synchronous online learning include video conferencing, teleconferencing, live chatting, and live-streaming lectures.
- **Asynchronous learning** - While the course of study, instructor or degree program will provide materials for reading, lectures for viewing (often pre-recorded), assignments for completing, and exams for evaluation, students have the ability to access and satisfy these requirements within a flexible time frame. Methods of a online learning include self-guided lesson modules, streaming video content, virtual libraries, posted lecture notes, and exchanges across discussion boards or social media platforms.
- **Color Legend:** Dates highlighted in **"GREEN"** represent days in which students enrolled in the Expanded Function Dental Assistant (EFDA) program will be in attendance on campus utilizing the 6<sup>th</sup> Floor D1/D2 Lab. The following faculty provide EFDA instruction during Monday dates: Dr. Julie Gray, Dr. James Tyus, Dr. Alexys Kelly, Dr. Benita Jackson, and Dr. John Douglas.
